BEPR: THE BOARD OF ENGINEERS PROFESSIONAL RESPONSIBILITY

WSPE: WISCONSIN SOCIETY OF PROFESSIONAL ENGINEERS

DSPS: THE WISCONSIN DEPARTMENT OF SAFETY AND PROFESSIONAL SERVICES

BEPR strives to promote the ethical practice of professional engineering.

THE ETHICS AND PROFESSIONAL PRACTICES BRANCH OF THE Wisconsin Society of Professional Engineers

A state society of the National Society of Professional Engineers
**BEPR MISSION STATEMENT:**
To promote the ethical practice of Professional Engineering through the Board of Engineers Professional Responsibility (BEPR).

**WSPE MISSION STATEMENT:**
WSPE is an organization of licensed Professional Engineers (PEs) and Engineering Interns/Engineers in Training (Els/EITs).

WSPE enhances the image of its members and their ability to ethically and professionally practice engineering through education, licensure advocacy, leadership training, multi-disciplinary networking, and outreach.

**OBJECTIVES:**

**EDUCATION:**
Educate members of the profession, students, and others regarding professional practice and engineering ethics.
- Provide speakers and conduct programs for technical, professional, public and other groups.
- Compile, disseminate, and publish information about ethics and professional practice.

**PUBLIC SERVICE:**
Aid the public in understanding the professional practice of engineering and assist state agencies, licensing boards, local units of government and others in protecting the public health, safety and welfare.
- Create "select committees" to deal with specific issues.
- Maintain liaison with state agencies involved with engineering.
- Assist engineering clients with professional practice problems.

**INVESTIGATION:**
Investigate alleged professional misconduct complaints and recommend appropriate action.
- Receive and investigate formal and informal complaints about professional engineers and engineering practice.
- Develop corrective solutions, and where necessary, recommend sanctions against those violating the code of ethics or the examining board’s rules of professional conduct.

Professional Engineering is a learned profession requiring licensure regulated by the Engineers Section of the Wisconsin Department of Safety and Professional Services.
