A MESSAGE FROM THE EFW TRUSTEES:

As Professional Engineers, we believe that engineering and Wisconsin’s future are deeply intertwined. The education of engineers is a substantial factor in the overall picture – for economic development, future employment opportunities, public service and sound environmental policy.

We hope through EFW, to encourage outstanding youth to consider engineering as a career opportunity – and when they do, we want to be able to offer the financial help and incentives needed to turn that opportunity into a reality.

TOGETHER, THROUGH EFW, WE CAN MAKE A SIGNIFICANT DIFFERENCE. WITH YOUR HELP WE CAN:

★ Increase the amount and number of scholarships.
★ Promote engineering education in the schools and to the general public.
★ Help advance math and science among young people.

EFW is funded solely by voluntary contributions primarily from interested individuals and businesses. Remember EFW with a lasting contribution by including the Foundation in your will. Your support is needed and appreciated.
